Operation items	660.00	
Auxiliary activities	1,468.00	
		\$6,400.00
Anticipated deficit, \$250.00		

#### NOTES

The anticipated deficit comes largely from the extra amount of high school tuitions—about \$200 more than was raised.

The administration items will be assessed by the selectmen unless changed by vote of the district.

The school board recommend the \$5 tax to cover the state aid items.

## Report of the Superintendent of Schools

To the School Board and Citizens of New Durham:

Following are usual statistics for the school year 1928-1929.

Number of pupils registered, 69; 44 boys, and 25 girls. Grade distribution was: I, 11; II, 10; III, 8; IV, 5; V, 8; VI, 11; VII, 4; VIII, 12. Average attendance was 60; per cent of attendance, 94; number of visits by school board, 3; superintendent, 66; by citizens, 60. Six pupils were neither absent nor tardy. Sixty-six pupils are registered this year.

There are three schools this year and everything is going well in each. New Durham schools match well with other schools in the state. It would be well if more of the parents and citizens would visit the schools and observe the work first hand.

Cost for teachers' salaries this year is less than last and transportation more. Eleven pupils are attending high school, making that cost somewhat more or about \$900. The cost is likely to be at least \$1,000 next year. Nevertheless it is fine to have so many in high school.

The usual repairs were made during the summer and the school buildings are in good condition. Having water in the Plains school building is very convenient and worthwhile.

The cooperation of the New Durham citizens as well as that of all of the school children is appreciated by all of the school officials and teachers.

Respectfully submitted.

F. U. LANDMAN,

New Durham, N. H., Feb. 5, 1930

*Superintendent.*
